What will you do?

In collaboration with the Engineering Manager, DevOps Lead, and Security Engineer, the Database Administrator is responsible for managing all Databases in Realtair to make sure that the design and usage of all databases are sound, secure, and reliable.

Project Delivery

- Deliver or help in projects when it comes to data matters.

Quality

- Help in ensuring a high level of quality for all Realtair products.

Security

- Help in the overall strategy in securing all Realtair products against potential threats and act on any identified ones.

Performs other ad hoc activities as necessary and as prescribed by the Immediate Manager or Authorized Representative.

What are we looking for?

- At least a Bachelor's Degree in Computer Science, Information System, or Information Technology.
- Minimum 3 years as Database Administrator
- Minimum 8 years in Software Industry with roles utilizing database skills
- Solid background on Managing MS SQL Databases, especially AWS Database products
- Experience with various architectural patterns in Database Management
- Strong understanding of Database Security
- Strong understanding of Cloud Infrastructure, especially on AWS
- Experience working with a robust DevOps pipeline, especially Jenkins or AWS CodeDeploy
- Preferably with license/certification/training relevant to Database, Microsoft, or AWS technologies
- Must be comfortable with the English language and the ability to communicate well.
- Willing to work following Australian time & holidays.

How to Apply

Bring us your talent, enthusiasm, and help us move to the next level of excellence. If you are someone who enjoys ownership and continuous learning, then we'd love to hear from you! Please submit your updated resume to recruitment@realtair.com with email subject: **Realtair, Inc. – Database Admin – First Name and Last Name.**

*** Candidates outside Metro Manila or from far provinces are welcome to apply!*

COVID-safe precautions

Our recruitment and onboarding process has been adapted to comply with COVID safe precautions using our online recruitment process and Google Meetings online for video interviews.

Everyone's safety is our top priority. If you get the role, you'll be working remotely with the rest of the team until it is deemed safe to go back on normal business operations within the office premises.
