

## SECURITY ENGINEER

**Want to be part of one of Australia's leading & innovative technology companies? Here is your chance!**

Realtair is a fast-growing Australian software company in the Philippines providing high-quality and innovative business solutions in the real estate industry. Here, we provide a dynamic and agile work environment for motivated individuals who want to build their careers while having fun and enjoying the various perks that the company offers.

At Realtair, our people are at the core of what we do. They are in the centre of all our projects and successes. All are welcome under the Realtair roof where value is placed on teamwork, authenticity, adaptability, and a desire to raise the bar.

### **What is it like working at Realtair?**

We are an agile organization through and through. We don't believe in hierarchies, only enablement of information to flow through teams, ensuring you get the help you need when you need it.

You will be part of a high performing agile team, doing what you do best. Teams are given the autonomy to meet the client's objectives, within the bounds of our framework. No two days are the same. Together as a team and as an organization, we always find a way.

### **What awaits you?**

- Competitive compensation package
- Enjoy a work-life balance
- Flexible working arrangement (i.e. work from home)
- Discretionary Performance Bonus
- Promotion Opportunities
- Opportunities for enhanced learning
- Monthly Internet and Electricity Subsidy for WFH
- HMO coverage for employee + dependent
- 20 VL and 10 SL
- "Enrichment Fridays"
- Professional and Personal Enrichment Program
- Mentoring Program
- Weekly Game Day!
- Other Fun-tastic treats and WFH Perks
- COVID Leave
- COVID Vaccination Leave
- Work Whenever Arrangement
- Sign-on Bonus (BRAND NEW LAPTOP)\*

### **What will you do?**

The Security Engineer is responsible for the overall security of Realtair's products, tools, and all other software both internal and third party. The role will collaborate with various roles in Realtair to ensure that the organization is religiously following security best practices.

### ***Project Delivery***

- Manage and execute various projects that may be directly or indirectly related to security such as training colleagues.

## Security

- To take charge of the overall strategy in securing Realtair against potential threats and act on any identified ones

Performs other ad hoc activities as necessary and as prescribed by the Immediate Manager or Authorized Representative.

## What are we looking for?

- At least a Bachelor's Degree in Computer Science, Information System, or Information Technology.
- Minimum 5 years of experience as a Security Engineer
- Advanced technical background on software security
- Solid experience implementing organizational security practices
- Advanced background on Managing the security of SQL Databases, specially AWS Database products
- Advanced understanding of Infrastructure security, specially cloud infrastructure
- Experience with DevSecOps, specially with Jenkins or AWS CodeDeploy
- Advanced understanding of various threat identification and mitigation, and management techniques
- Preferably with license/certification/training relevant to software security
- Must be comfortable with the English language and the ability to communicate well.
- Willing to work following Australian time & holidays.

## How to Apply

Bring us your talent, enthusiasm, and help us move to the next level of excellence. If you are someone who enjoys ownership and continuous learning, then we'd love to hear from you! Please submit your updated resume to [recruitment@realtair.com](mailto:recruitment@realtair.com) with email subject: **Realtair, Inc. – Security Engineer – First Name and Last Name.**

*\*\* Candidates outside Metro Manila or from far provinces are welcome to apply!*

## COVID-safe precautions

Our recruitment and onboarding process has been adapted to comply with COVID safe precautions using our online recruitment process and Google Meetings online for video interviews.

Everyone's safety is our top priority. If you get the role, you'll be working remotely with the rest of the team until it is deemed safe to go back on normal business operations within the office premises.
